Did you know that recycled cans are used to make airplanes?

Recycled aluminum cans are used to produce a wide variety of new products such as small appliances, computers, auto parts, bicycles, boats, and even t-shirts. Be a part of the change and create something new.

Congratulations to all schools participating in the **i recycle** program!

Hard work pays off and by your efforts to recycle aluminum cans, your schools will receive cash awards totaling **\$21,846.00**.

Total amount raised to date
\$84,602.89
Equivalent to over
5.5 million cans
